

Moch Egy Ramadhani

Cyber Security Engineer Student

+62 814-5501-9375 | moch.egymdhn@gmail.com | Driyorejo, Gresik

Profile

Cyber Security Engineering student with proven hands-on experience in web penetration testing, network administration, and IT support. Active CTF participant with strong foundation in security risk analysis, compliance awareness, and network infrastructure.

Skills

- Networking (IP, Routing, Subnetting, VLAN)
- Mikrotik / Network Administration
- Cybersecurity & Pentest
- Linux / Git / Github
- CTF (Capture The Flag)
- Web Security (XSS, SQLi, IDOR, CSRF)
- Wireshark / SIEM (Wazuh)
- Proxmox VE / virtualization

Experience

IT Support Technician - PT. Garudafood Putra Putri Jaya, Tbk (Internship) 2022 (Aug-Dec)

- Handle network troubleshooting, IT support, data entry, and network equipment maintenance.

Bootcamp Cyber Security Engineer - Merdeka Siber Batch #21 2025-2026 (Nov-Jan)

- 60-hr bootcamp covering web pentest, digital forensics, Android pentest, and RaaS.
- Practiced attack & defense using Wireshark and SIEM Wazuh.
- Demonstrated outstanding proficiency across all program modules.
- Pentest exam: documented 14 vulnerabilities (1 Critical, 4 High, 5 Medium) — SQLi, IDOR, XSS, Business Logic Abuse, OTP Bypass, Unrestricted File Upload; full report with CVSS scoring.

CTF (Capture The Flag) - Active Participant 2024 - Present

- Actively competing in CTF communities and events, specialized in Web Exploitation with experience across all categories including Forensics, Cryptography, Misc, Binary, and OSINT.

Network Administration & Virtualization 2025 - Present (Academic)

- Experienced with Proxmox VE, VMware, and Docker for VM/container management and virtual network environments at PENS.

Education

- **D3 Informatics Engineering** 2024 - Present

Certifications

- **Cyber Security Engineer - Merdeka Siber** 2026-2028 (Jan-Jan)
- **Mikrotik Certified Network Associate (MTCNA)** 2023-2026 (Dec-Dec)
- **KKNI Level II - Computer & Network Engineering - BNSP** 2024-2027 (Apr-Apr)
